Adjustable Tie Rods

Title:

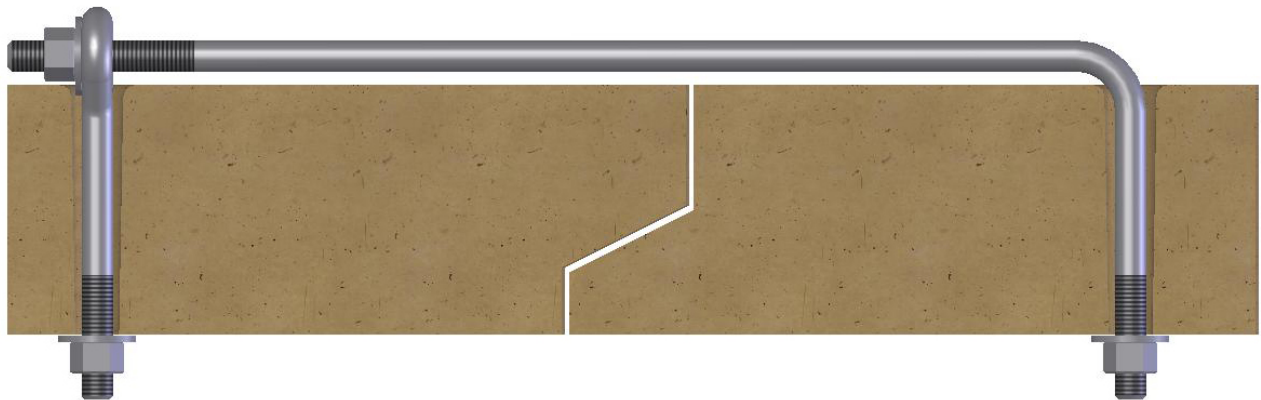

3100

Part No.

3100

Adjustable Ties Rods are assemblies with a formed eye bolt and a formed L rod that tie concrete pipe and box joints together.

- All material is USA domestic.
- Extra thread for increased adjustment.
- All parts are hot dip galvanized to ASTM F2329.
- Includes hex nuts and washers for each set of threads.
- Pipe ties are designed for holding pipe or box sections together, not for pulling sections tight.
- Also known as Pipe Ties and Joint Restraints.
