Bullnose Trash Guards

Title:

TG12BN

Part No.

TG12BN

Trash Guards are designed to cover the flared end section of an inlet or outlet pipe and prevent large debris from passing through while also restricting access to the pipe system. The bullnose style guard increases the filtered flow capacity by extending beyond the concrete apron.

- Solid bar design for durability and long life
- Typical bar c/c is 6" one direction
- Hinged mounting tabs at 3 points
- Galvanized steel construction. Can be made from aluminum or stainless steel.
