3 Point Adaptor Plates

\$506.10

Title:

QT3PT1

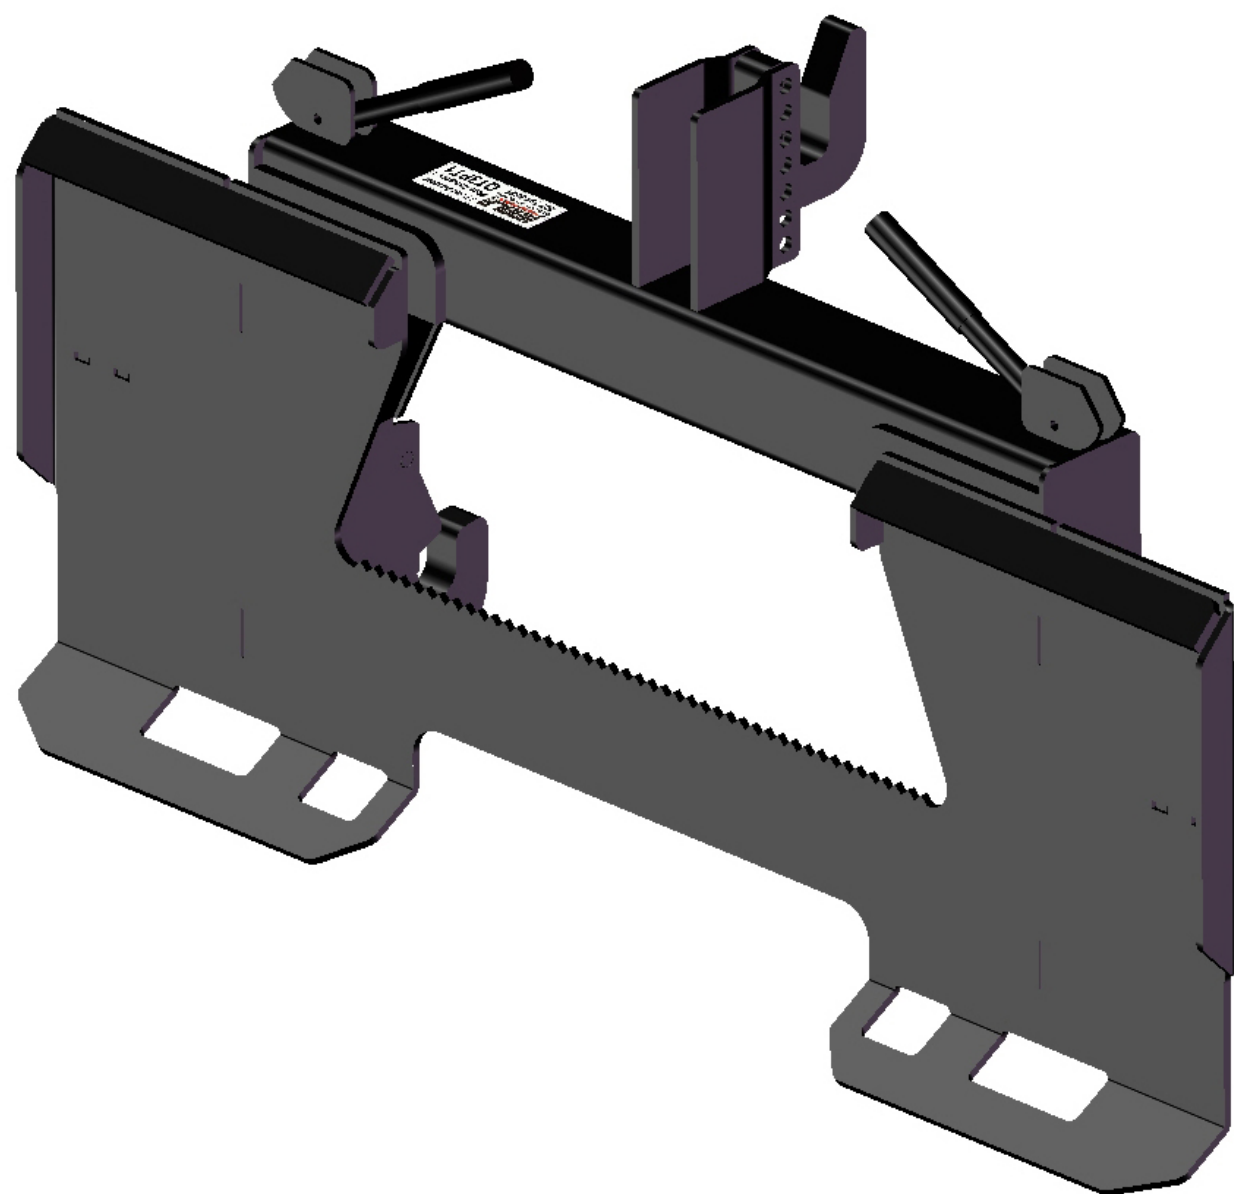

Part No.

QT3PT1

The design of this unit allows the user to operate their skid loader and attach to an implement designed for a Category 1 3 pt such as snowplows, box graders, mowers, wood splitters and more! The quick hitch on the adapter allows the operator to flip a lever to attach and detach the implements without stepping out of the loader; this of course can save valuable time, energy and money.

- Distance between bottom hooks: 27-3/8"
- Distance on the outside of bottom hooks: 30"
- Vertical c/c distance range: 15"-18"
- Fits all skid steers and compact tractors with the skid steer universal quick attach system.
- Designed to adapt a Category 1 3 Pt Implement to a standard universal attachment system
- Quick attach plate is 1/4" thick with a 3/8" top bar
- Durable powder coat finish
